

2021 Holiday Shopping Spree Itineraries

- This chart starts with Long Point on the east side of the lake, works it's way north to Montezuma, then goes south down the trail.
- The numbers in the cells are the designated **time** you'd be at each winery.
- Some of these schedules can handle more than one group of 4, and some cannot.
- A few of these have an 11am start time vs 10am.
- There IS some backtracking on many of these, but they're reasonable and built into the schedule— so don't worry!
- The map to the left corresponds with the letter next to the winery name to help you choose which one you'd like.
- Whichever itinerary you purchase, you **MUST** follow.
